## **ASSEMBLY BILL**

**No. 626**

**Introduced by Assembly Member Liu**

February 19, 2003

---

An act to add Section 39800.5 to the Education Code, and to add Section 10326.1 to the Public Contract Code, relating to motor vehicles.

### LEGISLATIVE COUNSEL'S DIGEST

AB 626, as amended, Liu. Vehicles: 15-passenger vans.

Existing law authorizes a governing board of a school district to purchase or lease vehicles to provide transportation of pupils to and from school. Existing law also authorizes the Department of General Services or a state agency, as authorized by the Department of General Services, to contract with suppliers to acquire goods and services for state agencies.

This bill makes legislative findings that 15-passenger vans are unsafe and declares the intent of the Legislature that all school districts, private

schools, community colleges, and the California State University should ~~be prohibited from acquiring 15-passenger vans~~ *require that 15-passenger vans owned by those entities only be driven by a person holding a commercial driver's license.*

This bill would ~~prohibit~~ *require* school districts, private schools, community colleges, and the California State University, ~~from acquiring a 15-passenger van, as defined, for the purpose of transporting passengers, and would further require, beginning on and after January 1, 2005, that those school districts, private schools, community colleges, and the California State University that already own a 15-passenger van on January 1, 2004, to~~ limit the operation of those vehicles to persons issued an endorsement for the operation of those vehicles and holding a class B driver's license.

The California Constitution authorizes the Regents of the University of California to enter into public contracts.

This bill would provide that the Legislature recommends that the Regents of the University of California adopt rules and regulations that would impose upon the university the requirements contained in the bill.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. (a) The Legislature finds and declares that the  
2 National Transportation Safety Board has recently issued findings  
3 that 15-passenger vans, because of their design, are involved in a  
4 greater number of single-vehicle accidents that result in rollover  
5 crashes than other passenger vehicles.

6 (b) It is the intent of the Legislature that all school districts,  
7 private schools, California Community Colleges, and ~~the~~  
8 ~~California State University, should be prohibited from purchasing~~  
9 ~~or leasing 15-passenger vans and that all school districts, private~~  
10 ~~schools, California Community Colleges, and campuses of the~~  
11 ~~California State University that currently own 15-passenger vans~~  
12 *all campuses of the California State University that own a*  
13 *15-passenger van should* require that those vehicles may only be  
14 driven by a person holding a commercial driver's license.
